

Amatullah Hussain

Product Photographer | Creative Technologist | Tech Student

Karachi, Pakistan • hussainamatullah3@gmail.com • Instagram: @inviewstudioo_

PROFILE

Product photographer and creative technologist focused on creating aesthetic, commercially oriented visual content for brands. Experienced in product styling, lighting, photography, social-media content and short-form video. Currently seeking remote opportunities to grow through real-world creative work while developing an independent photography and visual-content practice.

RELEVANT EXPERIENCE & PROJECTS

Insiyas Creations & Traditions — Product Photographer & Visual Content Creator

Paid Project

- Photographed and delivered 4 product images for social-media use.
- Produced and edited 1 short-form product reel and Instagram-ready visual content.
- Selected products sold within 1–2 days after the new visual content was introduced, based on the business owner's feedback.

Crochet Corner — Product Photographer & Visual Content Creator

Paid Project

- Photographed 4–5 handmade products and created edited, Instagram-ready visuals.
- Produced 1 short-form product reel for social media.
- Content was followed by 1–2 product orders.

Al Muffadal Crockery — Product Photography & Digital Presence

Business Project

- Photographed approximately 20–30 products for an e-commerce/social-media presence.
- Created and customized the brand's Instagram account.
- Built a free business website and prepared its digital product presence; final image editing is in progress.

Pipe-Cleaner Flowers — Personal Product Photography Project

Creative Project

- Created and photographed handmade products including 4–5 keychains and 2 bouquets.
- Practiced product styling, lighting, composition and commercial visual presentation.
